

Smartphone/Tablet/Laptop Label Maker
with Bluetooth® Wireless Technology

PT-P910BT

Versatile performance for high demand business environments.

With a lightweight portable design, rechargeable battery and wireless Bluetooth® technology, the Brother P-touch CUBE XP is perfect for many business, retail or commercial labelling needs, including identification and asset tracking, office labelling, signage, UPC barcodes, pricing, expiry date labels and more.

Convenient portability

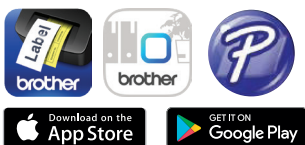

This lightweight machine comes with a rechargeable battery and features Bluetooth® technology so you can print the labels you need, wherever you need them.

Create durable labels that get noticed

Offers professional performance and some of the best features in label making such as a half and full cutter and high resolution 360 dpi printing for crisp text, barcodes, graphics and more

App-based label designing

Print custom labels with simple text for organizing and identifying, or with a variety of symbols, fonts, frames and more, all from your smartphone or tablet using Brother's iPrint&Label* and Design&Print2 apps*. The P-touch Design&Print2 app's unique Share Label template lets you quickly and easily create custom QR codes for featuring product information on your labels. Choose from a wide selection of pre-designed innovative and versatile label templates or create custom labels from scratch. Works with Apple and Android™ mobile devices. (Download required.)
